Virtual Voter Card Making System 📄 | Python, MySQL

Aug. 2023 – Dec. 2023

- A Python tKinter based GUI system allows users to register / login, submit details with photo upload, and generate digital voter cards efficiently.
- Implemented MySQL database for storing / validating credentials.

CERTIFICATIONS

JAVA Basics - HackerRank 📄

Introduction to Machine Learning - Microsoft Learn 📄

Python Essentials for Engineering Applications - MITS 📄

EXTRACURRICULAR / ACHIEVEMENTS

CodeChef 📄

Oct. 2025 – Present

Contest Rating

- Last Starters 218 (Rated) **Contest rating: 1090** using JAVA as a language. Improving my skills day-by-day.

Research

Sep. 2025 – Present

Encryption Technology

- Currently I am partially indulged in Research under **Encryption Technology** under my college professor.
